SUMMER VACATION ASSIGNMENT (2019-20)
Class – I

Dear Parents ,

The most awaited vacation of the year is around the corner. It is a wonderful time to relax and spend some quality time with your ward. At the same time, it is a time to revise the work done in the previous months. Here are some suggestions to make the vacation a memorable one. I hope that these suggestions would help to cement the bond between you and your ward.

- Play with them, tell them stories and talk to them about their creative ideas, aspirations etc
- Tell them anecdotes and share your experiences about summer vacation when you were in school and give them a glimpse into your childhood.
- Help them set and achieve goals for self-improvement and motivate them by your own active participation (for example managing anger, meditation for calmness, cycling , yoga for fitness etc)
- Encourage them to read, dance, paint and sing. Motivate them to pursue a hobby.
- Focus and develop an effective diet routine for your child and always remind him/her to stay hydrated by drinking a lot of water and fluids.
- Talk to your child about the bigger purpose of their life and life skills. Cultivate positive perspective towards school, teachers and elders.

The assignment and activities are designed to help the students explore their own creativity as they attempt each of the fun-filled activity.
